

FOR IMMEDIATE RELEASE

MSHS Opens New Authorized Napier Turbocharger Facility in the Gulf Coast.

Motor-Services Hugo Stamp, Inc. (MSHS) is proud to announce the launch of its fully authorized turbocharger maintenance and service center in New Orleans, LA.

The MSHS facility is designed to offer complete turn-key services for all turbochargers operating in the Gulf Coast region. Fully authorized by Napier Turbochargers, a leader in turbocharger design and manufacturing, MSHS supports all marine applications and industries.

Rodrigo Quilula, MSHS Vice President, Turbocharger Division, says "We are very excited to bring complete turbocharger service offerings to the Gulf Coast markets, and look forward to working with new friends and old in ensuring the highest level of turbocharger service."

MSHS Gulf is equipped with the latest in balancing technology and is supported by a comprehensive inventory of complete turbochargers and spare parts. Factory-trained technicians are on staff to provide service either at the facility or on location.

MSHS is committed to the ongoing investment in new products and services, ensuring the highest level of support for all customers. The opening of MSHS Gulf is a significant step in creating the infrastructure of support for all MSHS Markets.

About Motor-Services Hugo Stamp, Inc.

Founded in 1983, MSHS provides turnkey solutions for the maritime and stationary power industries. Pursuit of engineering excellence and commitment to customer service has enabled MSHS to establish relationships with customers worldwide.

MSHS continually meets customers' requirements through the rapid delivery of solutions, and competitive pricing. MSHS has dynamically established a strategy for continuous reinvestment in resources and infrastructure. This constant drive for modernization has enabled the company to maintain consistent competitive advantages in the maritime industry.
